

The IET Journals Archive 1872 - 2012

Unlock the past. Inspire the future.

Inspire your researchers to become pioneers of the future with unique insights into 140 years of engineering and technology history.

With over 145,000 full-text articles dating from 1872 - 2012, the IET Journals Archive provides exclusive, unlimited online access to the Institution of Engineering and Technology's extensive publishing history.

Including ground-breaking articles by engineering pioneers such as Marconi and Edison, our Journals Archive provides a comprehensive source of historic engineering and technology information.

Supporting your research teams:

With the IET Journals Archive, your researchers can:

- Follow the development of engineering and technology concepts across 140 years
- Draw inspiration from past innovators
- Understand the historical context of their own field and related fields
- Explore the foundations of technology being developed today
- Develop the knowledge they need to move into new disciplines

140 years of research. Seamless integration. Unlimited access.

- Seamless integration with authentication, discovery and referencing tools
- One-time purchase for perpetual access with no annual hosting fee
- Unlimited number of simultaneous users
- Unrestricted access: DRM-free content allows your users to download and share full-text pdf articles to read offline

Seamless integration and discovery

Integrated authentication: Provide a seamless experience for your users whether they're working on campus or remotely via Shibboleth.

Integrated discovery: Help your users find relevant literature by integrating over 145,000 items into your library discovery tools with MARC21 records.

Integrated referencing: Our Journals Archive is compatible with referencing tools like EndNote, BibTEX Endnote and RefWorks, allowing your users to compile bibliographies and citation links easily.

Integrated reporting to analyse usage: COUNTER5-compliant usage statistics allow you to measure online usage and the SUSHI protocol can help you to streamline your reporting processes.

Unique content exclusively available on the IET Digital Library:

Complete your research collection with the IET Journals Archive, comprehensively covering multidisciplinary developments across engineering and technology history from 1872 through to 2012.

Subjects covered include:

- Computing and Information technology
- Control
- Classical and quantum physics; mechanics and fields
- Communication, education, history, and philosophy
- Electrical engineering
- Engineering mathematics and mathematical techniques
- Management and business
- Materials science for electrical and electronic engineering
- Mathematical methods in physics
- Measurement science, general laboratory techniques, and instrumentation systems
- Relativity and gravitation
- Specific instrumentation and techniques of general use in physics
- Statistical physics and thermodynamics

Content types: Peer-reviewed primary literature:

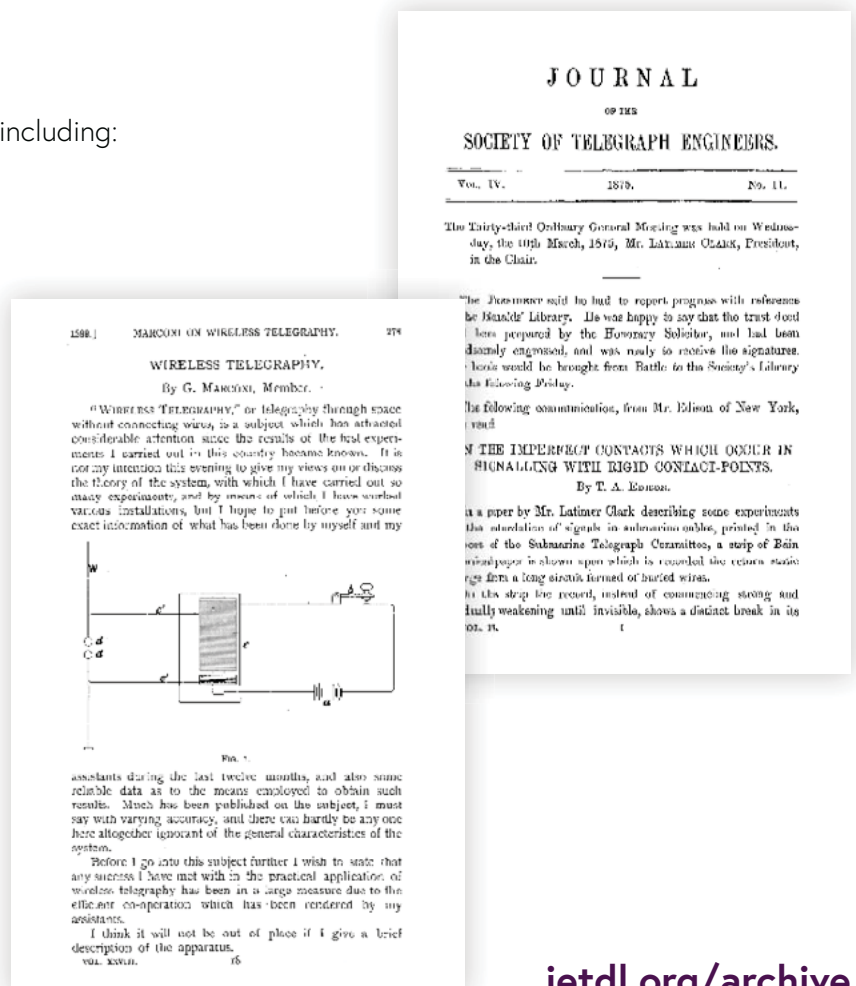

- Journal articles
- Conference papers and reports

Plus: a wealth of secondary literature including:

- Book reviews
- Commentaries and discussions
- Editorials
- Obituaries

G. Marconi on
Wireless Telegraphy
in 1899

Accessing IET Journals Archive

Our Journals Archive is available exclusively online via the IET Digital Library in three packages to suit your budget and requirements:

Package - years	Issues	Articles
1. 1872 - 1993	5,162	90,886
2. 1994 - 2006	1,986	37,272
3. 2007 - 2012	1,192	19,778

Contact your regional representative to find out more and add the Journals Archive to your library's digital resources:
