

Call for Commissioning Editor

Application deadline- 1st December 2019

Would you like to be the Commissioning Editor of IET Cyber-Physical Systems?

The IET is looking to recruit a new Commissioning Editor for IET Cyber-Physical Systems: Theory & Applications (IET CPS).

IET CPS is a fully Open Access, high-quality journal that is dedicated to publishing research and review papers on the methodologies, techniques and tools for the design, implementation and operation of cyber-physical systems.

We are seeking a new Commissioning Editor who is an outstanding academic researcher in Cyber-Physical Systems and who has the passion to drive the journal forward.

The successful candidate is responsible for securing high quality content for the journal and for promoting IET CPS at events throughout the year. You will work with the Editor in Chief and the Managing Editor to identify strategies to enhance the quality and reputation of the Journal.

Remuneration is available for the role, along with resources and reporting to reflect on the performance of the Journal and inform future strategy and direction.

Interested in applying? Here are the skills and attributes we would be looking for in a successful applicant:

- Someone who is active in the community with strong personal networks
- Confidence to engage with authors and researchers to solicit the highest quality submissions
- Someone who will act as spokesperson for IET CPS in public forums, meetings, and conferences

Submitting your Application

If you would like to apply for the position of Commissioning Editor, please forward your CV and a cover letter to the Managing Editor, Alexia Sutton at asutton@theiet.org by **6th January 2020**
